

Amendments to the Drawings

Applicant respectfully requests acceptance of the following changes to the drawings shown in the attached marked up pages 1, 2 and 3, each which are marked as "Annotated Sheet". These changes are incorporated in the two (2) pages of formal drawings submitted herewith, each which are marked as "Replacement Sheet". These Replacement Sheets replace the Original four (4) sheets of non-formal drawings that were filed with the original application on September 8, 2003.

1. Amend Figure 1 block 10 as follows, this change is supported in paragraph [007] of the original specification, which states that "In step 110, the service provider then terminates the call by releasing the allocated communication channel":

Block 10 caption: ~~End of~~ Service Provider terminates OTA call

2. Amend Figure 1 by add "PRIOR ART" to the caption.

3. Amend Figure 2 by correcting the reference designator from "214" to --218-- as supported in paragraph [020] of the original specification.

4. Amend Figure 3 blocks 306 and 308 as follows, these changes are supported in paragraph [022] of the original specification, which states that "Once all OTA messages are exchanged, and the OTA session has ended, the **mobile subscriber unit** can be configured to detect the end of the OTA session in step 306. The **mobile subscriber unit** can be configured to then release the OTA call in step 308, once the end of the OTA session is detected in step 306." (emphasis added)

Block 306 caption: ~~Detect~~ Mobile Unit detects end of OTA Session

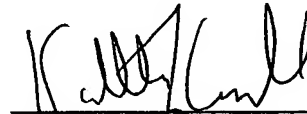

Block 308 caption: ~~Release~~ Mobile Unit releases OTA Call

Conclusion

Applicant respectfully asserts that the amendments to the drawings and the formal drawings are now properly identified as required by the Notice of Con-Compliant Amendment.

Respectfully Submitted,
